

EXCHANGE PUMPS

We'll minimise your downtime with our diesel pump exchange service.

Bosch, Zexel VP29, VP30, VP44

These pumps can now be serviced in the South Island by Diesel Services Christchurch on our Bosch-commissioned test equipment.

Exchange pumps available for:

- Nissan ZD30
- MAN truck & bus
- Transit

Stanadyne DE

Diesel Services Christchurch is a certified Stanadyne DE repairer. DE pumps are used on many of the John Deere 4045 and 6068 range of engines.

Exchange pumps available for:

- 4045H
- 4045 T&D
- 6068H
- 6068 T&D

TICS Loan Pumps

Keep your truck on the road while Diesel Services Christchurch repair your pump. This can be better than exchange because we don't need to recondition your pump to exchange standard and can save you thousands of dollars.

TICS Pumps available for:

- Nissan PF6TC
- Isuzu 6WG1-TCC
- Mitsubishi 6D40T1

Stanadyne IFS

Diesel Services Christchurch is an Authorised Service Dealer for IFS Injection Systems used on many of John Deere 4024 and 5030 engines.

Others may be available on request, please just ask.

Contact:
Dave, Mark or Antony for pricing and options.
